MATEO FLORES TERREROS

BLOCKCHAIN AND FRONT-END DEVELOPER

✉ mateo.flores@ucuenca.edu.ec   📞 +593986493415   in LinkedIn   ⊙ Github   📍 Cuenca, Ecuador

CAREER OBJETIVE

As a developer in Frontend and Blockchain, and Data Science student, my goal is to apply my skills and knowledge to create innovative solutions that meet the needs of users and the company. I seek to work in a challenging environment where I can learn and grow professionally, while contributing to the success of the company. I strive to stay updated on the latest technologies and tools in these areas and am committed to continuously improving my skill set to achieve optimal results.

WORK EXPERIENCE

Intern Front-End Web Developer
GIIT - Universidad de Cuenca

📅 Mar 2022 - Jul 2022

- Collaborated with designers and performance team on designing and developing web applications using React.JS applying usability techniques for older adults.
- Development and updating of the front-end of the technological solutions created by GIIT, using adaptive interface techniques.
- Support in experimentation of solutions created by the research group GIIT.
